**Subject:** Application of Carolina Water Service, Inc. for Rate Increase...

I am a resident of Lake Wylie, SC and a customer of Carolina Water Service, Inc. (CWS). I have just seen a brief article in the local press (Rock Hill, SC "Herald") that CWS has filed for a substantial rate increase.

Can you please provide any information you may have including Docket Number regarding this application? Our community needs to know ASAP what is being requested so that we can prepare an appropriate response.

Thanks you for your assistance.
